

Impulse Oscillometry (IOS)

Model IOS500 / IOS550

Portable & Ergonomic

Precision & Reliability

Multi-Function Measurement

Respiratory Impedance

Spirometry Test

Bronchodilator Test

Product Highlight

Intelligent Quality Control

Intelligent artifact recognition and repeatability testing ensure trustworthy clinical decisions.

Full-range Impedance Verification

Supports high, medium, and low three-point impedance validation.

Flexible Ergonomic Design

Easily adapts to different users and testing environments.

Supporting Multicenter Research

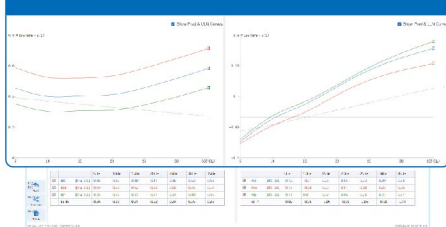

Trusted in multicenter studies to advance IOS research and clinical evidence.

AI-Powered IOS Analysis Platform

16,000+ annotated cases supporting AI-driven IOS innovation.

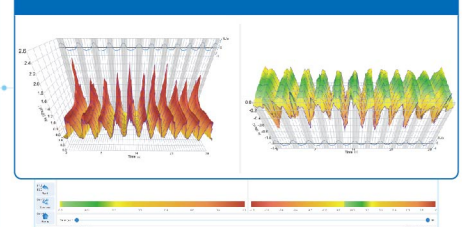

Dual-Phase Spectral Analysis

Researcher Mode

Expanded analytical parameters for advanced clinical and scientific studies.

Dynamic 3D Visualization

Clinical Applications

Small Airway
Dysfunction Detection

Non-Forced Pulmonary
Function Testing

Lung Compliance
Assessment

Perioperative Pulmonary
Risk Evaluation

With a presence in over 50 countries, UBREATH is your trusted global partner in respiratory care—backed by 20+ patented innovations and a comprehensive product portfolio, delivering high-quality diagnostics and enabling sustainable growth beyond devices.
